GOVERNMENT OF MYSORE

STORES PURCHASE COMMITTEE, BANGALORE.

No. S. P. C. 1108 *dated 5th August* 1924.

Sealed tenders will be received by the undersigned up to 12 noon, on Saturday the 30th August 1924, for the supply of articles as noted in the schedules below, required for the several divisions of the Public Works Department up to 30th June 1925.

2. An approximate estimate of quantities required is given against each item in the schedules, but these quantities are not guaranteed. Any quantity 20 per cent more than the tendered articles shall be supplied at the tendered rates at any date during the period specified in para one above.

3. Tenderers are at liberty to tender for one or as many whole groups of a schedule as they desire, but there should be a separate tender for each group in any of the schedules. Tenderers are not allowed to split up the groups of a schedule or schedules or to tender for portions of groups of a schedule.

4. Each tender should indicate the group number and the schedule to which it relates.

5. The tender for each schedule should be accompanied, either in cash or by means of cheques on the Imperial or Mysore Banks, Bangalore, by a deposit of Rs. 100 as earnest money, without which tenders will not be considered. Cheques on Banks other than those in Bangalore will not be accepted. Tenders should be superscribed "Tenders for the supply of Miscellaneous articles, oils, paints etc. Schedule No..... for.....Division Public Works Department for 1924-25.

6. The rates given in the tender should be for the unit specified in the schedule *i.e.*, when rate for pipe required is per R.ft rate per Cwt. (weight) should not be given, etc. The rates given in the tender which should include the cost of delivery of articles free on rail or Road at the place specified in column 8 in respect of each Division should hold good for at least one month from the date fixed for opening the tender. No tender failing to fulfil any of the above coditions will receive attention.

7. Final acceptance of the tender will rest with the Stores Purchase Committee who do not bind themselves to accept the lowest or any tender or to assign any reason whatsoever for the rejection of any tender.

8. The names of the successful tenderers will be notified in due course and they will be required to deposit as security the amount noted in each schedule in column 7 and to execute an agreement for the due fulfilment of the contracts for the supply required within eight days of the intimation of acceptance of their tenders, in default of which and in case the tenderers withdraw their tenders before their acceptance or non-acceptance is comunicated to them, their tenders will be considered cancelled and their earnest money deposited by them will be forfeited to Government. The earnest money on rejected tenders will be returned.

9. The successful competitors should guarantee to maintain at headquarters of the division to which the contract relates at stock 50 per cent of the materials enumerated in the schedules and should comply with all indents made on them by the Executive Engineer within 3 days of the order sent to them and follow the same procedure throughout up to 30th June 1925. Any further delay than 3 days will entail a penalty of Rs. 2 per day until the supply is made satisfactorily. Such penalty will strictly be enforced without any notice to the effect.

10. The cost of delivery specified in para 6 above, shall be binding on the suppliers from the date of acceptance of their tenders up to 30th June 1925 irrespective of all market fluctuations during the period.

11. Materials supplied by the party but found not to be up to standard in quantity or any respect will be rejected and the supplier shall remove and replace

the same with fresh articles then and there at his own cost. In case of dispute as to whether the supply the articles is according to specification, the decision of the Stores Purchase Committee shall be final.

12. Should the successful competitor fail to supply the required articles or replace the rejected ones in time, the Executive Engineer of the Division concerned will make other arrangements to procure them at the risk of the party. In case of loss to Government in so doing, the excess above the approved rate, together with the penalty for the default (*vide* para 9 *supra*) will be recovered.

13. Weights, etc., of materials supplied, as sealed by the Chief Store-keeper of suppliers' invoices will be accepted as final and no representation by the supplier of his weights, etc., being correct will be considered and supplies made to the "Stores" unaccompanied by invoices will not receive attention and will be there at the supplier's risk.

14. The suppliers are bound to supply any of the materials direct to any place other than the "Stores" of the respective Divisions, when so advised by the Executive Engineers of the Divisions concerned; and in such case any additional *bona fide* charges incurred for, packing, conveyance and railway freight, etc., will be allowed to them. In all such cases the suppliers are bound to send the articles always freight paid and post the railway receipt to the consignee forthwith to avoid warfage and demurrage charges; failing which the suppliers themselves shall have to bear such charges, such charges shall be deducted from the amount of the bills concerned without intimation.

SCHEDULE No. 1.

Materials required by the Executive Engineer, Water Supply Division. P. W. D. Bangalore.
